Dear Mr. Adamson:

The Federal Aviation Administration (FAA) Safety Team (FAASTeam) is pleased to notify you that we have accepted your request for acceptance of your **8-hour Inspection Authorization (IA) refresher training course titled, "Pitot Static Transponder Course"**.

Your newly assigned course identification number is: C-IND-IM-141027-K-006-002.

Your course will remain on the FAA's active list of accepted IA renewal courses for 24 calendar months unless suspended or removed for cause.

Before the end of the 24 calendar month period, you must provide the IA Refresher Course Coordinator (IA RCC) with a request for course renewal acceptance in accordance with current guidelines. If you do not provide this request at least 60 working days before the end of the 24 calendar month period, we will remove your course from the list of acceptable courses.

As a provider of an FAA accepted IA training course, you must comply with current FAA guidance to remain valid.

After receiving this course acceptance letter, your course is subject to FAA review. If the reviewing FAA Aviation Safety Inspector determines that your course does not meet the guidelines, you will receive notification.

Your FAA accepted course number, **C-IND-IM-141027-K-006-002**, will expire October 31, 2016.

Congratulations, and thank you for your interest in aviation safety. Should you have further questions, please contact me at: 336-369-3948.

Sincerely,

Phil Randall

Phil Randall
FAASTeam National Airworthiness Lead
